Our Vision:

To be the best service provider in the cleaning sector as well as in providing ready-made textile products for your business.

HOTELS

ECO CLEAN offers high quality services in the hotel and hospitality sector. We understand how important it is that the services we provide affect the impression of your customers. We also meet the business and operational needs of your business.

Customer first impressions are those that create a lasting relationship between customers and business. This is especially true when guests enter their rooms for the first time. Cleanliness and appearance of sheets and towels is very important. We not only collect contaminated sheets and towels and keep them clean, but we are committed to providing a consistent first class service to our customers.

Sheets and towels are designed and manufactured to the highest specifications. We maintain these standards by constantly investing in new models. The perfect balance between luxury and affordability is possible through the range of products that ECO CLEAN offers at a cost effective, without compromising quality.

Restaurants

ECO CLEAN offers you all the highest quality cleaning services, covers, towels and all kinds of napkins you have in your restaurant.

ECO CLEAN provides you with everything you need, including free tablecloths, colored napkins and various designs as well as various types of microfiber towels that can be used by restaurants. All the products we offer are carefully selected, ensuring the guaranteed quality of every order.

ECO CLEAN also offers free work uniforms for your business employees. We work with a wide range of businesses, such as catering, hospitals, and restaurants. Each uniform is individually bar coded, which enables complete quality control. We carefully check for any clothing and make any necessary repairs before cleaning and ensure that every uniform goes through the process of complete thermal disinfection, adhering to ISO standards.

HOSPITALS

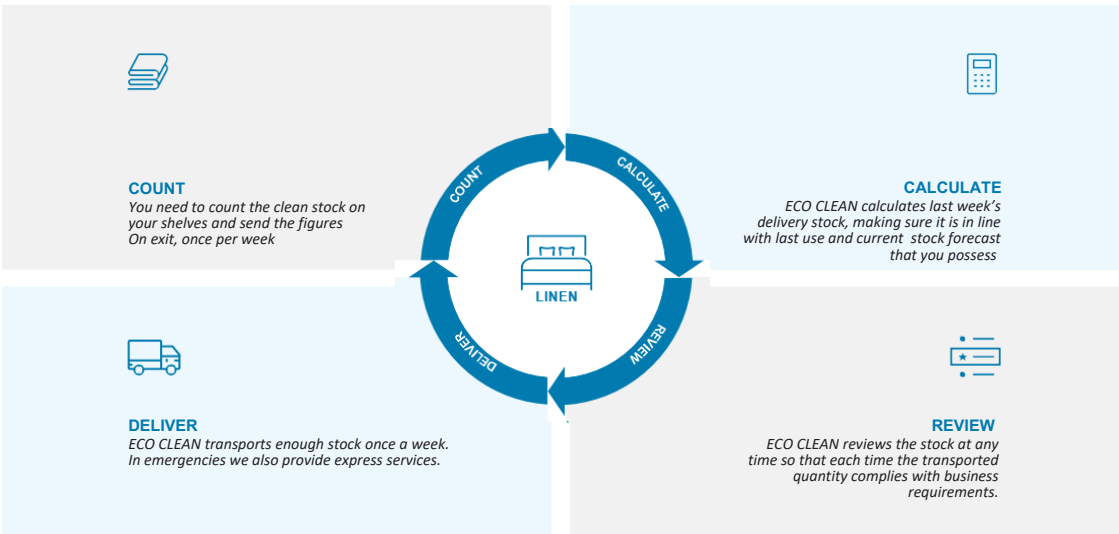

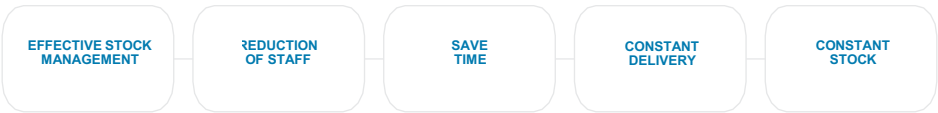

ECO CLEAN provides quality healthcare services in order to improve the image of the entire health system. When you use high quality sheets and uniforms from ECO CLEAN, you will get a hygienically-clean product line, saving you money in the long run and significantly improving your hospital's professional reputation.

At ECO CLEAN we are committed to providing durable, hygienically tested and high quality products. To help protect patients, staff and visitors we use a special cleaning system with 6 different chemicals (shampoos) and at the right temperatures to eliminate bacteria and stains, in accordance with the standards and safety guidelines established by the Centers. for Disease Control as well as the Occupational Safety and Health Administration.

STREAMLINE SYSTEM

ECO CLEAN uses the Streamline system to monitor and manage supply levels so that our customers always have the right amount on their shelves. Through this system we provide products suitable for every customer, with sufficient quantity available and at low cost.
